Allowable Subject Matter

This Office Action is in response to applicant's communication of 5/5/2008. Currently amended claims 1-3, 5-12, 14-20, and 22-26 are pending and in condition for allowance.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

The claims in this application have been allowed because the prior art of record fails to disclose either singly or in combination the claimed apparatus of with a holder, extension, sleeve, and a double ended needle mated to the extension and the base positioned in the sleeve and the sheath matingly fits to the sleeve to establish an environment which seals the needle of the double ended needle that extends away from the holder from bacteria intrusion.

The closest prior art is NEWBY et al. (U.S. Patent 6,298,541), but fails to disclose the claimed combination where the double ended needle base mated to the extension and positioned within the sleeve and the sleeve and sheath establish an environment which seals the needle from bacteria intrusion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phillip Gray whose telephone number is (571) 272-7180. The examiner can normally be reached on Monday through Friday, 8:30 a.m. to 4:30 p.m. EST.
